GROUP OF EDUCATIONAL INSTITUTIONS

PROSPECTUS

Let Your Light Shine.....

Is the Group Motto that inspires all Wilsonians. It is this Light, that is within each one of us, that we endeavour to hone and polish, so that the world will see the Sparkle and the Glitter of each Wilsonian.

The Motto has been derived from the Gospel according to St. Matthew – Chapter 5 Verse: 14 – 16

"You are the Light of the World. A city that is set on a hill cannot be hid. Neither do we light a candle, and put it under a bushel, but on a candlestand; and it gives light unto all that are in the house. So, Let your Light shine before men, that they may see your good works, and glorify your Father in Heaven"

Seeing what the students require as citizens of the 21st Century, We now have a Mission Statement and a Group Logo that further establishes the unity of the Branches.

To the Guiding Light of Wilsonia
Mrs. Shirin Santram

Mrs. Shirin Santram was a respected and honoured Educationist of Moradabad, U.P. She dedicated her life to the cause of teaching. The city of Moradabad and decades of students have been enlightened by her and enthused with her zest and zeal for learning.

She was the axis on which the Group grew through the years, generations of Wilsonians cherish her memories. She was the very life of every school; her passing has left an immense void that can never be filled.

Yet Wilsonia resolutely continues in its service of imparting education to all who enter the schools' revered portals. With the blessings and with the eternal guidance of 'Director Ma'am'.

Shirin Santram passed away on 12th December 2021. But her memories and her indelible mark on the School and the City will live on forever.

DIRECTOR'S MESSAGE

Welcome to Wilsonia Group, thank you for showing your interest in 'Life at Wilsonia' the wonderful, beautiful journey that we undertake every day in our lives, filled with the ever-blooming radiance of young children whom we see growing into imposing young men and women that we are so proud of.

I hope you can visualize the efforts that the teachers put in to nurture each child and guide the child down the path to brilliance. Because that is what we hope and pray that each Wilsonian shall have. The brilliance of the Sun itself.

Along with being intelligent young men and women, we hope every Wilsonian shall also have the confidence that is unparalleled. Because every child has his or her own spark, we realize this and try to kindle the spark to make each child shine, in their own corner, in their own way, we hope that each Wilsonian will add to the brightness of the world.

All the best to every Wilsonian past, present or future, love and blessings are with all of you with a prayer that says

'Let your light shine oh you young friends of mine,
That dreams, you dreamt, will all one day be thine.'

Asheesh Santram
DIRECTOR

PRINCIPAL–
WILSONIA COLLEGE

Hello and Welcome to Life at Wilsonia, I thank you for going through this manuscript and trying to learn what it is to be a Wilsonian. Truthfully speaking I too am still 'Learning' to be one myself having just been working in the Group since 2017, but Wilsonia is a part of my being since I have called Wilsonia my Home right from my Childhood.

However, being in the 'thick of things' is a very different experience. The daily challenges that we as Faculty help students face every day, be it in the Classroom, the Games field, or on Stage is a challenge for us too. To see Wilsonians blossom from timid, scared little boys and girls to smart, confident, intelligent individuals is an exhilarating feeling 'that makes our life worthwhile' (apt words quoted from Wilsonia's School Song).

I feel honoured now to be in a position where I can help in taking this institution forward. We hope and pray that the innovative new techniques of Teaching and Learning like STEM LAB and the Brainobrain learning that the school is introducing will be revolutionary concepts which will make Wilsonians fly to the TOP for that is where they deserve to be.

My Best Wishes and Prayers to each of you. May you excel in all you do.

WILSONIA SCHOLARS' HOME

Schooling is one of the first social experiences for a child. It's a place where the child develops not just cognitively, but also, socially, morally and imbibes the qualities that define his/her personality. A school is more than the classroom and the Campus; it's a mini version of the world for a child.

Wilsonia, while standing for the age-old cliché of "Home away from Home" at the same time believes in the new modern outlook of providing an environment where the child grows into an independent, confident, compassionate and creative adult. Our legacy of over five decades has enabled us to partner with parents, alumni and professional experts from various fields to continue our endeavours to innovate, improve, and evolve according to the changes in the world.

The new decade of the new millennium brings with it a lot of challenges and demands, globally, socially and professionally. Only a good, thorough education can prepare the child for such an uncertain yet exciting future. Therefore, as a parent, it's your prerogative and duty to ensure that your child gets the best opportunities and exposure. At Wilsonia, we strive to create the most conducive environment for the child to learn, grow and act, a place where they question and discover the answers for themselves and find their little rainbows on the horizon of a bright future.

God bless you and wish you and your ward a beautiful future!

Introducing Wilsonia

Wilsonia was founded on the 08th of July 1966 by Rev. H.R. Wilson and Mrs. Virginia Wilson in their Bungalow. The school got its name from the Bungalow itself 'Wilsonia' which means the home of the Wilsons. It is located in Civil Lines and has become an important landmark of the city.

Five Decades since its inception, Wilsonia still holds the privilege of being the city's most reputed institution. The school has expanded tremendously during the years and now has an identity of a split unit system.

FOCUS OF EDUCATION

Wilsonia is a temple of learning where the focus lies in imparting Education with **Devotion** and a zest for service to mankind.

For Wilsonia the word Education is not restricted to the mere knowledge of the three 'R's' instead our mission is to shape the intellect, character and career, as well as the spiritual, social, political and emotional ideologies of those who come here in pursuit of knowledge. The aim is to give the pupils the tools that will shape the world to their own advantage.

ABOUT CBSE

HISTORICAL BACKGROUND

A trail of development marks the significant changes that took place over the years in shaping up the Board to its present status. U P Board of High School and Intermediate Education was the first Board set up in 1921. It had under its jurisdiction Rajputana, Central India and Gwalior. In response to the representation made by the Government of United Provinces, the then Government of India suggested to set up a joint Board in 1929 for all the areas which was named as the Board of High School and Intermediate Education, Rajputana. This included Ajmer, Merwara, Central India and Gwalior.

The Board witnessed rapid growth and expansion at the level of Secondary education resulting in improved quality and standard of education in institutions. But with the advent of State Universities and State Boards in various parts of the country the jurisdiction of the Board was confined only to Ajmer, Bhopal and Vindhya Pradesh later. As a result of this, in 1952, the constitution of the Board was amended wherein its jurisdiction was extended to part-C and Part-D territories and the Board was given its present name Central Board of Secondary Education. It was in the year 1962 finally that the Board was reconstituted. The main objectives were those of serving the educational institutions more effectively, to be responsive to the educational needs of those students whose parents were employed in the Central Government and had frequently transferable jobs.

The prime focus of the Board is on

Wilsonia Degree College

As part of the Group's ongoing commitment to provide the best education possible, Wilsonia saw a need to provide quality education at the graduate level where the medium of teaching would be English. The city has some very good colleges but most of them concentrate on Hindi medium of education. Not all students with English school background can migrate to the colleges in other cities because of various pressures. So, to provide both young men and women of Moradabad a better college experience, in an atmosphere conducive to the proper development of students, was the aim of starting the Wilsonia Degree College in 2001. The courses offered are Bachelor of Commerce (B.Com), Bachelor of Science (B.Sc) both streams – Zoology, Botany, Chemistry and Physics, Chemistry, Mathematics, Bachelor of Business Administration. Now Wilsonia Degree College has also introduced Masters of Commerce (M.Com) and Masters of Science – Chemistry stream.
